

Cybèle

Jul 1 — Oct 1, 2024 | Domaine ODDO Vallon des Glauges, Eyguieres, France

From July 1st to October 1st, the Domaine ODDO Vallon des Glauges, in the heart of the Alpilles, will host *Cybèle*, its first contemporary art exhibition, curated by Margaux Plessy and Raphaël Isvy.

A magnificent stroll in dialogue with nature through the various outdoor spaces of the estate, *Cybèle* will invite the public to discover the masterful sculptures of internationally renowned artists.

In partnership with Galleria Continua, Almine Rech, CarpentersWorkshop Gallery, Galerie Lelong & Co. and the Venet Foundation, the estate will present the spectacular works of Bernar Venet, DRIFT, Carlos Cruz-Diez, Joël Andrianomearisoa, Ryan Schneider, David Nash, Tia -Tuy Nguyen and Refik Anadol, united around the theme of the Four Elements.

These works of rare beauty will be set in the warm colors of the South, the fields of lavender and olive trees and the light of the setting sun for a contemplative journey full of emotion. Andrew Erdos and Victor Knipping, two emerging artists, will also exhibit their work, with Domaine ODDO Vallon des Glauges wishing to support the young artistic scene.

Through this exhibition, Domaine ODDO Vallon des Glauges marks its entry into the world of contemporary art. To celebrate this event premiere, a limited edition of blown glass lamps will be created especially by Andrew Erdos for the occasion. The unique combination of this timeless place, masterful works, and great wines from Domaine ODDO will ensure a festive and memorable experience.
