**Jun 5 — Sep 7, 2025 | SOMA, Geneva, Switzerland**

SOMA is pleased to present 'Psot Netebras Xul', the inaugural exhibition marking the official opening of the space.

Organised in collaboration with MAMCO, The exhibition also marks the opening of the first season of MAMCO's off-site programming. The space's industrial typology mirrors the SIP factory spaces that MAMCO has occupied since its founding.

It looks back on the Geneva art scene from the 1990s to the present day, bringing together works from the MAMCO collection alongside more recent productions, all of which highlight a scene in constant flux. Featuring artists such as Timothée Calame, Valentin Carron, Emilie Ding, Sylvie Fleury, Bastien Gachet, Vidya Gastaldon, Jean-Michel Wicker, Fabrice Gygi, David Hominal, Lauren Huret, Chris Kauffmann, Sup Kim, KLAT, Viola Leddi, Lou Masduraud, Gianni Motti, Mai-Thu Perret, Mathias C Pfund, Pierre Vadi, and Gaia Vincensini.
