MAMCO x John M Armleder Encore(s)

Dec 4, 2025 — Feb 7, 2026 | MAMCO, Geneva, Switzerland

Created in the course of his encounters and projects, these objects blur the boundaries between the useful and the artistic, in a decompartmentalizing movement between work and its environment, art and everyday life. The 'ENCORE(S)' boutique, halfway between a private interior and a tea room, offers a colorful selection of objects: from umbrellas to caps hanging in the vestibule, from the door handle that leads the public into a room with plaids, stools, suit jackets, ties and cufflinks or travel bags, to the café with porcelain dishes, glasses, coffee cups or wine boxes bearing Armleder's signature.

The project was curated by Yann Abrecht, Filipe Dos Santos, Charlotte Schaer
