ALMINE RECH

Haley Josephs
Love of Waters

Jun 26 — Jul 31, 2026 | New York

Almine Rech New York is pleased to present 'Love of Waters', Haley Josephs' third solo exhibition with the gallery –and her first with Almine Rech in the United States– on view from June 26 to July 31, 2026.

I've been watching the water
the way light reflects off its surface, shining and glistening.
When we cry, our tears return to it. Sweat, piss, saliva—every kind of excretion—flows back to its source. They are pieces of us, becoming one again, carried onward.
I see the sparkling light dancing on the surface as a space which holds the hopes and dreams of all humankind, gathering and pulling them together,
Into prisms of rainbow light.
Think of that when you look at water.
