BEYOND THE STREETS

May 27 — Aug 30, 2026 | La Villette, Paris, France

The much expected exhibition 'BEYOND THE STREETS' officially opens its doors to the public at the Grande Halle de la Villette! A true immersion into the world of graffiti, street art, and contemporary urban culture, the exhibition transforms the venue into a series of spectacular settings, reminiscent of life-sized movie sets.

'BEYOND THE STREETS' brings together monumental artworks, immersive installations, rare archives, and brand-new creations made especially for Paris, spanning more than 3,600 square meters. The exhibition features works by Kenny Scharf.
