ALMINE RECH

Summer

Jul 13 — Aug 25, 2024 | Gstaad

Almine Rech is pleased to present *Summer*, a group exhibition in Gstaad that showcases an eclectic selection of works from esteemed contemporary artists.

The exhibition highlights the unique styles and creative visions of John Giorno, Minjung Kim, Dr. Esther Mahlangu, Larry Poons, Ryan Schneider, Vivian Springford, Kim Tschang-Yeul, De Wain Valentine, Francesco Vezzoli, and Tom Wesselmann.

This exhibition showcases a diverse array of artistic expressions, from the poetic visual language of John Giorno's text-based works. Minjung Kim's delicate ink paintings complement the bold, abstract forms of Larry Poons and Vivian Springford. Dr. Esther Mahlangu brings her celebrated Ndebele motifs, while Kim Tschang-Yeul's water drop paintings offer a serene counterpoint. De Wain Valentine's minimalist sculptures and Tom Wesselmann's iconic American imagery round out the collection. Together, these artists create a dynamic dialogue, reflecting the multifaceted essence of contemporary art.
